

# Musings

from St. Clare

Keeping you abreast of construction updates, event invitations and news in and around St. Clare.

## Rising from the ground

A great deal happened at St. Clare during April. Excavation works are complete, construction of lift cores and footings has commenced, and most excitingly, the first concrete slab on the ground has been poured! Other activity includes basement underslab services installation, also worker amenities are now operational. Next month our second crane arrives onsite. The project team continue to achieve their deadlines and construction remains well on track. You can view progress from the display suite. To arrange a visit, phone [8595 2444](tel:85952444) or [book an appointment online](#).

## An update on engineered stone

From 1 July 2024, the Victorian Government are banning the use of engineered stone in Victoria, to protect workers from the devastating lung disease silicosis. Industry suppliers are working fast to develop safe alternatives that offer a similar quality and aesthetic. We are committed to achieving an outcome that is the same or better than the previous engineered stone benchtop, while keeping our stonemasons safe.

## It's decision time!

This week, members of the St. Clare project team went out to trial state of the art commercial fitness equipment, evaluating the best solutions for our future St. Clare residents. Retirement Living Executive General Manager, Liz Hickey, knows how important it is for us all to build strength and maintain mobility, so we can live independently for longer. We are making no compromises on our commissioning decisions at St. Clare.

VMCH are proud to present St. Clare, undoubtedly Victoria's most premium precinct, designed exclusively for over 55's. We invite you to book a private tour via our [online booking system](#), or alternatively, please contact us on 8595 2444 to book a time ([or click here for email](#))

We look forward to welcoming you.

Yours sincerely  
St. Clare Sales Team
