from St. Clare

Keeping you abreast of construction updates, event invitations and news in and around St. Clare.

Construction progress

The heritage works are a complex task, involving careful work to retain the historic features of our beautiful buildings that will have a second life as leisure and wellbeing facilities for St. Clare's residents. As restoration works continue, scaffolding will surround the buildings until they are revealed, restored, in 2025.

The four buildings that make up St. Clare are grouped into two sections – North (Jacaranda and Chestnut), and South (Maple and Elm).

The North buildings (Jacaranda and Chestnut) have had their concrete structures completed and ground floor residence fitouts have commenced.

Window installation has commenced, with brickwork to follow.

The South buildings (Maple and Elm) are right behind, with Elm's concrete structure for Level 4 underway on Elm, and Maple's Level 3 being formed.

Release of final residences

Recently we invited friends of St. Clare to preview floorplans and pricing for twenty-five residences in Maple, the final building to be released at St. Clare. We encourage you to enquire while there is still a good selection of floorplans to choose from. An information session will be held at St. Clare on Thursday October 24, 2pm - 4pm, with refreshments and live jazz on the lawn.
